Message from Director

Dr. Habibur Rahman

M.Pharm., Ph.D., D.Sc.

Director

SAS Society & SASPR Edu International Pvt. Ltd.

The scientific publication is a challenging and demanding task. It has been nine years since we have started Scholars Academic and Scientific Society (SAS Society) with a vision to uplift the scientific community by publishing scientific journals. It is a great pleasure for me to humbly shoulder the duty to lead a board comprising Staffs, Professional Members Numbers of editors & reviewers and thousands of authors and readers from various countries around the globe. With a continuous co-operation, suggestions and recommendations from our advisory team, editors, reviewers and authors we are improving quality and other publication policies for betterment of scientific community. We are dedicated to regular and timely publication which is important for its continuing growth. On a positive note, there has been a steady increase of articles received for publication which is indicating a growing interest among researchers to publish their work with our journals. We are always keeping improving with the help of getting feedback from our well-wishers.

Presently, SAS Society runs in support of SASPR Edu International Pvt. Ltd. SAS Publishes, India; Scholars Middle East Publishes, Dubai; Scholars East African Publishers, Kenya; Cross Current Publishes, India and South Asian Research Publication, Bangladesh. By, May, 2019 SAS Society is running 77 monthly journals and aimed to expand more than 200 by 2020 from other countries. Beside this services we also dedicated to work for Scholars and Researchers like arranging Conferences, Seminars, Workshops and Providing Professional Memberships also aimed to start various Possible Research level thing such as Journal Ranking Service, Professional and Academic Courses, Educational Institutions, Media Service etc...

From there to here, day by day our team continuously improving and our responsibility towards the Society are increasing.

In closing, it is a privilege to work with a dedicated, responsible and energetic team. I welcome you all to share your thoughts and suggestions so we can continue growing standard quality and visibility over coming years.
